I would love to collect nativity scenes from around the world but ...By Pam Gibson with Ken'ichi I am fascinated with origami and I feel every home that celebrates Christmas should have a nativity scene. I would love to collect nativity scenes from around the world but money is a major factor. By this nativity being origami it fits well into my beginning collection of unique nativities. 0 of 0 people found the following review helpful. Good for Beginners By Stairsong The idea is fantastic. The problem I had is being able to tell what is being made. There is an inconsistency in titling the items. There were one or two items where neither the picture nor the directions lead to the expected result for one portion of the design. Overall I was able as a novice to make all the designs and have them recognizable as figures in the picture on the front cover. 0 of 0 people found the

following review helpful. fun bookBy AndrewNice book and a fun idea. I collect nativity sets and love origami so this added to two of my interests

A one-of-a-kind book that allows children to enjoy the Christmas story while they learn the ancient Japanese art of paper folding. Each chapter features a narrative about one of the characters in the Christmas story with easy-to-follow directions on folding that character. Eleven characters compose the finished Nativity scene. Full color.
