John Gerard : The Herbal or General History of Plants: The Complete 1633 Edition as Revised and Enlarged by Thomas Johnson (Calla Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Herbal or General History of Plants: The Complete 1633 Edition as Revised and Enlarged by Thomas Johnson (Calla Editions):

5 of 6 people found the following review helpful. Magical book lose yourself in medieval ways of medicine and herbal taxonomyBy Customer1. the book is written in olden english.2. no table of contents for finding a specific plant; since it's so long you often have to look online for the page number that you need3. Buy if you really want to see old preparations for herbs and if you want to feel like you're reading an old book delving into a fascinating and magics world don't hesitate4. If you have the money. If you don't mind putting in the time and also the weight go for it. It will make a permanent collection forever anyone interested in growing plants botany or old folks remedies won't be disappointed in the leastJust give it some time with the olde English and the length and you'll be glad you did.3 of 4 people found the following review helpful. what great condition it is in and the serviceBy Tam cWe were thrilled with this book, how quickly it came, what great condition it is in and the service. This is an amazing book! Thank you!!!
