Clarence Meyer Joseph E. Meyer : The Herbalist before purchasing it in order to gage whether or not it would be worth my time, and all praised The Herbalist:

1 of 1 people found the following review helpful. Great Book, good seller, prompt deleivery, and in as listed condition if not somewhat better.By Mark W.This is the quintessential Herbalists Bible, from which all others have stemmed over the years! Great book! I already had one copy for decades, but wanted extras in case of mishap, and so I ordered two more. This is a must have Herbal Book!0 of 0 people found the following review helpful. I love having it in my library againBy wanderingwordeyeI had this book as a teenager. It's medieval take on medicine and plants never ceases to fascinate me. Those medicinal herbs are used in the same manner today. Aspriin from the willow bark. Digitalis from foxglove. The knowledge has always been there, and it's fascinating reading in this medieval-toned book. I love having it in my library again.0 of 0 people found the following review helpful.
