I bought a trade paperback edition from a couple of years ago and loved it. The wit and humor frequently make me laugh out loud. If you thought the pun was a recent development, this book will convince you otherwise.Now for the bad news.... I bought what I thought was the same edition as a gift and it is almost unreadable. For some reason, this new edition is printed with huge margins and the font is almost unreadably tiny. It is as though the pages were reproduced on a copier set to reduce the image size by 2/3 or so. Very disappointing. We will be returning this item.7 of 8 people found the following review helpful. Neglected gemsBy E. Joseph AnnaAccording to Wikipedia, The Ingoldsby Legends is a collection of myths, legends, ghost stories and poetry written supposedly by Thomas Ingoldsby of Tappington Manor, actually a pen-name of an English clergyman named Richard Harris Barham. There are approximately 75 short stories and verses. The fictitious author, Ingoldsby, usually inserts one of his relations into the stories, often in a supporting role. Written in the middle of the 19th Century, it is full of archaic words, such as horologe, mickle, quincy, and grimalkin, for which I am thankful for the Kindle on-line dictionary. The prose portions, though a distinct minority, were witty and enjoyable. Personally, I have never acquired an appreciation of poetry and verse, so my review is less because of it. I think this an excellent example of the period literature.4 of 4 people found the following review helpful. A wonderful findBy H. S. MillerI was intrigued about this book because H.Rider Haggard mentions it many times in his various books. It turns out it was a

favorite of Sir Walter Scott's, and Rudyard Kipling too. I figured with all that going for it, how could it be bad? I was and am delighted with it--it will have you chuckling a lot and laughing out loud many times. Caution; a great deal of it is in verse form, which I normally avoid, but this is such GREAT satire (some are serious in a kind of odd way) that I delighted in nearly every word.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.
