**Annie's : The Just CrossStitch Collection 20012010** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Just CrossStitch Collection 20012010:

My mother loves it. She lives in two different states, depending on the time of year, and has 20 years of this magazine in boxes. Now, she can donate a decade of magazines to some thrift shop AND she can take the patterns and everything with her back and forth without taking up much room. It's almost like having your cake and eating it too. 1 of 1 people found the following review helpful. All in a teeny tiny package! By SLC95 If you are buying this DON'T purchase the holiday ornament CD, as those are also on this CD. (When I say holiday, I specifically mean Christmas, not Halloween, I don't believe there was a special

Halloween issue before 2010.) Anyway, I have had a subscription to this on and off, I really prefer this, as opposed to saving back issues for something I may or may not do. There is a search feature as well, if you are looking for a specific designer. Many popular designers have been featured in this magazine, along with a chart. Plus, my tastes have changed over the years, and this is a great collection of charts at a decent price! 1 of 1 people found the following review helpful. Best way to archive magazine collections! By Belinda j LOVE having my collection available digitally. LOVE being able to enlarge patterns on screen for easier reading.

Enjoy an entire decade of the magazine that cross-stitch lovers look to and cherish above all others. This DVD includes every page from 60 issues of Just CrossStitch magazine from 2001 through 2010, plus each annual ornament issue, with full-color photography, easy-to-read charts, and complete instructions. Each magazine issue is a fully searchable, printer-friendly PDF. Browse content by issue, or search for a word or phrase. The DVD is both PC and MAC compatible and can also be played on Region 1 DVD players.
