I picked it up over the weekend and have already completed two pairs of slippers. I have plans to make a pair for everyone in my family for Christmas, and there are certainly enough here to choose from. The projects are simply explained and the in-process pictures really help lead the way. If you're new to felting, these would be great projects to start with because they're small, quick, and low risk. 0 of 0 people found the following review helpful. Lots of projects By Julia L.
