No kidding, this book could be the next movie after "The kingdom of the crystal skull".Being passionate about Kombolois, I was "glued" to the book from the moment I started to read it. I was sad to reach the end of it.I loved his writing style; simple and straight forward yet captivating. I don't think he could have written such a great book if it hadn't been for his great love and passion for the Komboloi that was transmitted to him by his Grandfather. He has also managed to convey the origins, purpose,respect, admiration and true usefulness of the Komboloi. He has dedicated his life to the Komboloi and his book trully is a legacy for what was, once upon a time before he wrote it, an interesting object to hold and play with but without really knowing much about it's meaning or purpose. Thanks to his devotion to the Komboloi, which he made his life's work, with this great reference book, now all will not be forgotten. Plus, for those who may not know, he has created a Museum in Greece devoted to the Komboloi. I personally loved the book. Happy reading!0 of 0 people found the following review helpful. Fascinating way to help with stress and worryBy T. FrancisI saw Leonard Cohen giving an interview with a komboloi in his hand. I asked about it and was told what it was so I ordered this book. So glad I did, becuase Aris Evangelios is the expert on the Komboloi and this book makes you an expert too. Very grateful I came across it and ordered it.0 of 0 people found the following review helpful. Greek KomboloiBy MangasA heartfelt story about a Greek man's journey to find out the origin of the komboloi.

The story of Prayer beads in many countries and the travels of Aris Evangelinos as he travels through out the East.
