**Paul Carpenter : The Leather Lace Bullwhip** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Leather Lace Bullwhip:

Used to be FREE By Gary Reynolds I just wanted to let everyone know that this person posted this information as a FREE TUTORIAL in this thread:[...] And then decided to remove the .pdf so he can rip people off on here by selling it instead of providing it freely as he did before. I think that is not in the spirit of helping other leatherworkers and I would NOT recommend buying this book so that you're not encouraging that disgusting behavior.

Geared mainly to the leather hobbyist with some braiding experience, This book will show you how to make a cowhide bullwhip in my unique way. Also contains tips and tricks of leather braiding and cutting lace. Other books in this series; Archers Craft Leather Armour Leather Projects All taken from Pauls Book; Leather and Wood Crafts
