Alison Jenkins : The Little Book of Towel Origami before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Book of Towel Origami:

0 of 0 people found the following review helpful. Two StarsBy Shirley DeserranoVery little information. I should have paid more attention to the description, I suppose?0 of 0 people found the following review helpful. Very little book, but packs a lot into one bookBy Mary MapleThis book is tiny enough to fit in a small pocket, but has a lot of neat ideas on how to fold towels, most of which are easy to follow. Some of the directions can be confusing, especially to spatially challenged people, but the are fairly easy to produce and arrange and the more you practice the easier it gets.A fun thing to do at parties, neat way to welcome guests and fun way to wrap a gift of towels for someone.0 of 0 people found the following review helpful. We went on a cruise and had these origami figures ...By WinemakerWe went on a cruise and had these origami figures on our bed every day, now we can make our own at home.

A tiny book on how to make towel origami forms, Towel Art
