Some issues with English usage, but still easily understandable.0 of 0 people found the following review helpful. Fantastic book on a different Mosaic technique!By CorralesgalThis is the book I have been waiting for since I took a Mosaic course. The teacher in my class here in New Mexico did not cover using mesh or how in the world it was done. This treasure answered all my questions and now I can proceed with this awesome technique! Highly Recommend this book!1 of 1 people found the following review helpful. SO GOOD !!!By LYCHANNELAh!! Have you any book/s with templates ,?This book is very easy to follow!, and with pretty projects,Thanks Sigalit,From Argentina,Liliana

You've gathered a lot of dishes that are cracked or broken? Good. In this book we will learn how to use them. In the mesh mosaic work you can combine different materials, decorate your walls - outside or inside and enjoy from a colorful and special mosaic art work. This book focuses on creating a mosaic on mesh in different techniques. You can create mosaic-letters, house numbers, stairs strips or stick a picture on the wall in your house. You will find in this book number of projects that will guide you step by step how to create mesh mosaic work along with lots of tips and ideas. This is just the beginning, once you learn the technique use your imagination and create your own beautiful mosaics! Inside the book you will find a bonus: a pdf file containing all the examples described. Let's get together to a colorful journey!

"I happened to come across this book, and now I have a beautifully decorated wall and am planning on creating some mosaic flooring for my screened in porch. It was interesting to find out that there is a great way to take dishes or other found items from around my home and be able to give them a new life." Osnat" I bought the book, and I am now finding that there are many great ideas. I think that come the holiday season I will be giving out gifts of homemade mosaic art." Lili"Loved this book very easy to read and very clear projects to create, I am a beginner but I am loving it." Linda
