As a result, the figure is unable to hold the sign. When I tried to insert the sign by applying a bit of force, one of the arms broke. Shipping it back to the US is more expensive for me than the cost of the product. Complete waste. 1 of 3 people found the following review helpful.

MicroManager By Lisaspups The product arrived broken, and what I spent on it was not worth returning. However, it is one of my favorite knick-knacks. 0 of 8 people found the following review helpful. I heart microManagement By 740 W. High quality and too the point. Without microManagers, the world would be in a world of hurt. Don't mock him, but rather worship him. All things that are good come from microManagement.

We've all had one—the rude, wrong, idiotic, and despotic boss. They steal your thunder and rain on your parade. Well, if the cretin in the corner office has got you down, here's your chance to hold him up to a little ridicule of your own. With a comical Micro Manager figurine and ten scarily hilarious expression cards for him to hold, your coworkers will be in on the joke. Also includes an uproarious mini book that deviously describes the ways and means of the Micro Manager.
