I was in Ashland, Oregon and discovered a set there. I have a brother who enjoys miniature books so I bought the Ashland set as a gift. The books are in excellent shape but the box was a bit rough. So I looked for a set in better shape and found it on . Described as in excellent condition, I bought it. When it arrived, I found that that set also had perfect little books but a worn box. Disappointed, I guess that the box is the weak spot in this product. In any case, my brother was happy for the gift and I now have the original set as well.0 of 0 people found the following review helpful. Five StarsBy KerlizaA great gift for those who are Shakespeare fans0 of 0 people found the following review helpful. Almost perfectBy HOWARD MICHAELS MDA little wear as stated, but otherwise excellent condition. I would have liked it a little smaller for the individual plays but overall a fine product with excellent service.
