**From Brand: Barron's Educational Series : The Mosaic Artist's Handbook (Artist's Handbook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mosaic Artist's Handbook (Artist's Handbook Series):

6 of 6 people found the following review helpful. Dj vu--same book, different title and author!!!!By Creating Silver LiningsI was flipping through the book right after it arrived and I realized I already have this book--same images and instructions! I rushed to my bookcase and found my original version. The original is called "The Encyclopedia of Mosaic Technique" and it has a different author. I feel duped into buying a duplicate. Shame on the publishing company for pulling this marketing ploy!Don't make the same mistake that I did!5 of 5 people found the following review helpful. I love this book and its layoutBy Bonita W.I just love this book,,Its more like a manual..In fact I bought another one for my friend after buying myself the first one..it has all the color layouts....materials ,how to

use,best results,patterns,ideas,its not like any of my other mosaic books..thats why I call it a manual..its really a must have to add to your collection or if your starting out..get this one first..you may not need any more for awhile.B.W.

Newly published titles in the growing Artists Handbook series are written for dedicated amateurs and can also be used and valued by professional artists. Each Artists Handbook has a sturdy hardcover binding so that it can be taken out to the field for guidance or used in the studio. Hidden spiral bindings keep pages lying flat so that artists can refer to them while working with their materials. Each title supplements textual instruction with 400-to-600 color illustrations showing artwork in various stages of completion. Readers will also find information on artists tools, techniques, color-mixing, creating special effects, and trouble-shooting to correct errors. The ancient art and craft of mosaics has become a popular modern medium for creating chic, stylish, and contemporary art objects and appointments for the home. This heavily illustrated and practical instruction guide shows how to create a wide array of beautiful things out of small pieces of colored glass, marble, ceramic, or stone. Readers will find detailed instructions for making a decorative floor panel, a Byzantine-style box, a geometric table top, and many other beautiful mosaic items. Hundreds of color diagrams and illustrations.

From the Back Cover(back cover) The essential guide to making mosaics Includes practical hints and tips, covering all aspects of making mosaics, including style, subject, color composition, and materials Features step-by-step demonstrations of both traditional and experimental techniques showing how to achieve a wide variety of effects A perfect introduction for beginners, and a sources of inspiration for seasoned lovers of mosaics
