1 of 1 people found the following review helpful. Great ideasBy Jeanne KrupinskiI just started doing mosaics and read others reviews about this book. I got it and it is very inspiring and even exceeded my expectations.3 of 3 people found the following review helpful. Excellent for beginnersBy Heather M. Hart KirtonI bought this book for my daughter (8th grader) who is really getting into mosaic art after completing a project she did in art class last spring. This book has great ideas for patterns, and shows each pattern in several different color combinations, which is great because it shows her that she doesn't just have to copy the pattern.0 of 0 people found the following review helpful.
