I love coloring books that bring to life a fantasy land. I will enjoy coloring and bringing to life the pages of this book. I would definitely buy this book again and to give as a gift. Detailed enough to make it fun to color but not overwhelming. 3 of 3 people found the following review helpful. Great for the whole family! By Laura K. A terrific and whimsical coloring book for the whole family! Great detail. This takes me to another beautiful world that I get to color in myself! Love it and the author too! 1 of 1 people found the

following review helpful. Fantasy At Its BestBy Gamer GirlIf you enjoy coloring fantasy and enchanted lands, this book is a must have. The whimsical and creative illustrations spark the imagination and bring you into another realm. It's a unique and creative coloring book for adults who love to cater to their inner child. The paper is a nice medium weight and the drawings are one sided. I love the illustrations and can't wait to color them. Two thumbs up!

A unique, fantasy land coloring book Enter into The Mystical Lands of Uchana, where you will discover enchanted locations and hidden habitats at every turn of the page. Travel to different sites on the Uchana map, while pausing along the way to add the colors that will magically bring each scene to life. This delightful, fantasy-themed coloring book contains twenty-four hand-drawn illustrations; each drawing appears twice. This provides the opportunity to use a different color scheme or different media on the second copy. Pages are printed on one side only, so that virtually any media may be used. It is recommended to insert a blotter paper beneath the page you are coloring.
