**Jack H. Douglas : The Narrow Gauge Silverton Train** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Narrow Gauge Silverton Train:

0 of 0 people found the following review helpful. A good book for the pictures.By B. ThomasonThis is a good book for the pictures. It contains a brief history of this line from DRGW days, and provides a good selection of different rolling stock locomotive photos.0 of 0 people found the following review helpful. Exactly as described. Fast shipping. Thank you!By Robin BrownExactly as described. Fast shipping. Thank you!

Wonderful pictorial showing the locomotives and rolling stock of the Denver Rio Grande Western on the Silverton to Durango line. The book is designed to show potential tourists what the railroad looks like as well as to assist model railroaders by showing the equipment from all angles so that details are readily apparent. Illustrated throughout with full color and a few black and white photos. 48 pages.
