**Theresa Loe : The New Herbal Calendar with Cards** before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Herbal Calendar with Cards:

The beautiful illustrations, and recipes/how-tos make it an addiction to have for all gardeners, and lovers of plants, herbs, and cooking. I can almost say that I was raised on this calendar hanging in my mother's kitchen. It still does to this day, thank goodness for this author sharing her love and passion for herbs. 0 of 0 people found the following review helpful. Five Stars By choyoungchil GoooooD
