Brent Dickerson : The Old Rose Index (Old Rose Researcher) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Old Rose Index (Old Rose Researcher):

4 of 4 people found the following review helpful. From the Author . . .By Brent C. DickersonThis book is primarily a very comprehensive index to three complex books: *The Old Rose Advisor* (in two volumes), *The Old Rose Adventurer*, and *The Old Rose Informant*, listing precisely where information on a rose variety can be found in these rich but diffuse books. However, the *Index* goes much further than this: It also indexes references to people, places, and concepts in these books such that anyone doing research on the world of old roses will be able to find the

desired data quickly and efficiently. Further, it includes, updates, and integrates some of the very detailed appendices found in the *Advisor* and *Adventurer* so that the owner of *The Old Rose Index* will have all information conveniently at hand when using the listings. But there is more in *The Old Rose Index*! I have completed new entries for 29 additional interesting old roses from varying classes; and the book contains several new essays and translations, augmenting the earlier books. *The Old Rose Index* will expertly guide its owner to a fuller knowledge of old roses!

This detailed book is the useful long-awaited and efficient comprehensive index to Brent C. Dickerson's fascinating works on Old Roses. The index lists all of the roses in these internationally-known, influential works, and specifies to the reader which page in which of these books has the main or important entry on the rose in question; also indexed here are all substantive references to people, places, things, or concepts in these important works which arose from Dickerson's twenty years of careful research and close study. "The Old Rose Index" additionally includes complete and updated appendices listing roses by year and by color, several interesting articles, as well as updates to Dickerson's previous books plus completely new entries on 29 interesting old roses not covered previously! While not for those who do not own Dickerson's other books, "The Old Rose Index" will give the reader who does own these monumental works complete mastery over the great treasury of information supplied by "The Old Rose Advisor" (second edition), "The Old Rose Adventurer", and "The Old Rose Informant", saving time and streamlining research in one's quest for information. This remarkable book is the key that unlocks that treasury!

About the Author Brent C. Dickerson is the internationally-known author of the most influential books on Old Roses and their history, *The Old Rose Advisor*, *The Old Rose Adventurer*, *Roll-Call: The Old Rose Breeder*, and *The Old Rose Informant
