Gay Merrill Gross : The Origami Kit before purchasing it in order to gage whether or not it would be worth my time, and all praised The Origami Kit:

0 of 0 people found the following review helpful. Fun book, easy to followBy tricia-renneaThis is a great book, I would recommend it for anyone new to origami! It was my first book, and I still use the skills today. This is also the book I use to teach children origami. Although it seems to longer be in publication, I recommend borrowing it from your local library if you have an interest in the craft.

Origami, the ancient art of paperfolding, is enjoyed by millions of people around the world. Included you will find a full color book featuring 40 unique origami projects, step-by-step diagrams illustrating each fold, easy to follow instructions and 30 sheets of origami paper. Projects include folded animals, flowers, abstract shapes, and more.
