Gay Merrill Gross : The Origami Workshop before purchasing it in order to gage whether or not it would be worth my time, and all praised The Origami Workshop:

0 of 0 people found the following review helpful. Very helpfulBy BookloverI just began attending an origami class and this book was recommended. Contains easy to follow directions and as I am a beginner it is very easy to follow0 of 0 people found the following review helpful. The Origami WorkshopBy Origami LoverFive Stars is not enough for this book. This is a wonderful collection of some of my favorite models--all fairly easy, so good models to teach and share--from the butterfly ball (including the story to tell if you teach the model) to the card case, gyroscope, magic star, (and many more). Also has a great section with suggestions for turning models into decorations. The photographs are luxurious; the diagrams are clear and easy to follow so you'll have lots of fun and success with this book.3 of 3 people found the following review helpful. One of the Best Origami Books ever written!By A CustomerI thought this was one of the best Origami books ever written. I would recommend this book to anyone who loves Origami as much as I do.There are clear and easy-to-follow pictures and diagrams on each page and there is a wide variety of things to make. For example: Cranes, Magic Tricks, 3-d Stars Shapes, Flowers, boxes and Jewelry Party toys.
