Patricia Pistner : The Pistner House ... A Master In Miniature before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pistner House ... A Master In Miniature:

International Communicators Crystal Award Winner for 2002. Let Mrs. Pistner take you on a tour, in words and pictures, of the Pistner House and the Masters of Miniature exhibition at the Naples Museum of Art. The Pistner House focuses on the the centerpiece of the exhibition, a stunning nine-room, 1750s-design French townhouse. Featuring the work of more than 60 world renowned miniature artisans who have created the house, rooms and furnishings as exact replicas from Louis-period French design on an inch to the foot scale. Also included are a collection of Kupjack rooms and the fabulous Denis Hillman miniature French furniture. With 100 beautiful color

illustrations, You will have to pinch yourself to remember that you are looking at miniatures. Don't be surprised if as you gaze into these rooms you find yourself experiencing the scenes' moods, smells, tastes and textures. Let your imagination linger and these miniature masterworks will delight and transport you to an era long gone by. "The Pistner House" captures the passion of collecting miniatures in its many facets. It is a must have for miniaturists everywhere!
