Andy Vernon : The Plant Lover's Guide to Dahlias (The Plant Lovers Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Plant Lover's Guide to Dahlias (The Plant Lovers Guides):

0 of 0 people found the following review helpful. Five StarsBy Vivian S. AshleyGreat book! I refer to it a lot especially when ordering new dahlias for my garden!0 of 0 people found the following review helpful. Five StarsBy Melville H. KennedyGreat Read!!4 of 4 people found the following review helpful. a dahlia a day...By Christine A.love it, better than my other dahlia books, very informative, great photos and color.

Dahlias are the showgirls of the garden. A favorite of floral and landscape designers, they come in a wide range of jewel-like colorsrich reds and vibrant oranges, shocking pinksand an engaging variation of form and petal shape. The Plant Lovers Guide to Dahlias is packed with everything you need to know to grow these fantastic flowers including tips on using dahlias in garden design, growth and propagation information, and lists of where to buy the plants and where to view them in public gardens. The bulk of the book is devoted to profiles for over 200 varieties, organized by color, with information on type, height, and spread. Gorgeous color photographs bring the plants to life.

Were in a dahlia craze these days. . . . Vernon shines a spotlight on these bodacious bloomers. New York Times Book
The mug shots of these beauties are gorgeous, and Mr. Vernons descriptions have a breezy authority that makes me
want them all. The New York Times There is something for almost every garden hereThe explosion in new varieties,
including singles and dwarfs bred for modern spaces and tastes, makes this up-to-date book essential for dahlia lovers,
cutting-edge flower gardeners, and all collections. Library Journal Detailed and extensive, even including material on
DIY breeding, and how to use dahlias in floristry...very attractive, showing that it is possible to produce stylish books
that will also be the best sources for hard information on their subjects for years to come. Gardens Illustrated Visual
and informational candy for people who are passionate about plants. Akron Beacon Journal The format is large enough
for showy photos, especially important for the flamboyant dahlias on these pages. I love that the flowers are arranged
by color; flip through to find dozens of dahlias from crimson to cream, with a chapter on Extraterrestrials that defy
categorization. Seattle Times Author Andy Vernon takes the reader on a journey of dahlia history and growing dahlias,
and then fills the rest of the book with photographs of dozens of dahlias in all their glorious color. . . . For anyone
seeking to learn about the dahlia and how easy it is to grow, this book will provide the roadmap. The Patriot Ledger
With a well-organized book like The Plant Lovers Guide to Dahlias, you can find nearly all of what you need about
the plant inside its covers. That includes how to design with, grow, propagate, store and choose Dahlias for your home
garden. Add to that 200 varieties pictured in gorgeous color, plus a section on cutting and arranging for indoor
decoration, and you have the perfect carry-around floral eye candy you can refer to any time. Petal Talk Wonderful.
The Independent All four are attractively designed, accessible, with excellent photography and clear typography. The
authors clearly know their stuff, and write wellthese books serve as a wide view into narrow subjects in an engaging
and attractive way. Transatlantic Gardener
