It would be easy to stick this in your bag and take it with you to do your work anywhere. Very fast delivery and excellent condition. Thanks0 of 0 people found the following review helpful. UninspiringBy SoCal LisaI would not recommend this book. I have several other ribbonwork books and this one doesn't hold a candle to the others.0 of 0 people found the following review helpful. Good book!By Charlotte m BefayLots of very pretty projects in this book. Very happy with it,Pictures are very well done. Enjoyed it very much.

Designer and busy mom Katheryn Beiber has learned to work in 15 minute increments. And these 30 projects, made from luscious hand-dyed silk ribbons and vintage jewelry, were devised in much the same way--on the move. With plenty of diagrams to illustrate each stitch, fold, and gather, Beiber presents all the basics, from the tools to use to the

embroidery techniques. But it's the exquisite items that will enchant, including a vintage rose or butterfly bookmark; a "sweetheart outfit" for a little girl; and an heirloom hat decorated with crystals, beads, and flower pins.
