Arthur W. Johnson : The Practical Guide to Craft Bookbinding before purchasing it in order to gage whether or not it would be worth my time, and all praised The Practical Guide to Craft Bookbinding:

1 of 1 people found the following review helpful. Third part purchase Great!By FennelI purchased this from third party. It came fast and the price was truly great. They had advertised this as a used book, but it looks new to me.The techniques have an easy to follow illustrations and some that other books do not have.If, you are interested in books and bookbinding, add this to your collection.

Surveys the basic tools, materials, and procedures of bookbinding and explain how to make books ranging from a pamphlet to leather library-style binding.
