From Hamlyn : The Pumpkin Cookbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Pumpkin Cookbook:

17 of 17 people found the following review helpful. Okay, but nothing special...By Serene NightI am a fan of all things pumpkin. I love pumpkin cake, pumpkin pie, pumpkin lattes you name it, if has pumpkin in it, I like it. I purchased this book hoping for some great pumpkin recipes, and I admit I was rather disappointed. For one thing it is rather small: it has 58 pages and is quite narrow. Also, many of the recipes seem to call for whole fresh pumpkin which you cannot get out of season at least where I live. The recipes which call for pumpkin puree are only obvious recipes: pumpkin bread and pie. Good, but nothing particularly special. Some nice pictures. Okay if you've never read anything about pumpkin and have access to fresh pumpkin. 2 of 2 people found the following review helpful. Not really impressed but worthy of my book shelf. By Jeff HolbrookI rated it ok because there were things in the book for the home cook or possibly beginner cook. There were a couple recipes I worked with but I tweaked them a bit to bring out the flavors. 0 of 0 people found the following review helpful. great value By Carla MorseWell worth the money which was a great low price.

- Features traditional favorites, together with interesting new ideas- Comprehensive introduction covering folklore, history and carving ideas for Jack O'Lanterns.- A host of recipes for every occasion, not just Halloween and

Thanksgiving.
