**Colleen Antoinette Coffman : The Rambling Doodling of Mary T. Coffman** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rambling Doodling of Mary T. Coffman:

0 of 0 people found the following review helpful. Interesting, honest, funnyBy l stanzeThe title says it all...a very honest portrayal of one woman, really one family's, uncensored thoughts and adventures in this thing we call life. You will grow to love Mary, and you will chuckle at her humor while empathizing and even cringing at the very real anxieties she experiences. It might just give you some insight into your own outlook on life.0 of 0 people found the following review helpful. SweetBy doctormamaCollecting and publishing the works of one's mom is certainly a labor of love, and I enjoyed the vicarious pride of the author in her heritage. The ramblings get a bit tedious, though, for a reader who is not family and doesn't have much context.0 of 0 people found the following review helpful. It is an insight to a wonderful family, and womanBy ang365A break from the norm. It is an insight to a wonderful family, and woman.

Found deep in a closet, a full year after her death, Marys family unearthed a treasure trove of notebooks and sketch pads, full to the brim with her journals, diaries, stories, doodles and absurdities. After reading through them ,while they laughed, cried and mused the whole way, they knew there was only one thing to do- get em published! Here you will find the writings, doodlings and repository for Marys brain bilge. Her writing is random, witty, insightful, philosophical, raw, tender and full of slightly twisted (but very useful!) perspectives .
