Shane Connolly : The Secret Language of Flowers: Rediscovering Traditional Meanings before purchasing it in order to gage whether or not it would be worth my time, and all praised The Secret Language of Flowers: Rediscovering Traditional Meanings:

2 of 2 people found the following review helpful. The best!By Heart FeltI bought this recently for a friends birthday.... I have a copy for myself and she loves flowers too so I was sure that she would like it. I was right it is a wonderful book that tells the traditional meaning of flowers. It also has beautiful full colorful photos of each flower.0 of 2 people found the following review helpful. One StarBy bookladyDid not like the flower meanings, many were very negative.

Once a coded language of emotions, desires, and unspoken messages, flowers had the ability to speak louder than words. Today the language of flowers is as relevant as ever. They can symbolize love, regret, passion, or remembrance, and have an ability to subtly convey a message that underlines the spoken word-if you know the right secrets and ideas.Fascinated by the historical symbolism of blooms, buds, and leaves, Shane Connolly brings together his passion for creative flower arrangements with his knowledge of their deeper meanings. Fifty-seven arrangements

are explained in detail, with instructions on how to prepare and style the flowers. Detailed text about the historical meaning and associations accompany each arrangement, allowing you to choose flowers for every situation and emotion from friendship to devoted love, or even farewells and regrets. Complete with a comprehensive glossary and chapters covering expectation, births, and beginnings; innocence, simplicity, and youth; fun, frolics, and friendship; longing, loving, and lusting; anger, bitterness, and passion; forgiveness, happiness, and contentment; and remembrance, regrets, and farewells, *The Secret Language of Flowers* reveals a new way to speak your mind.

About the Author Shane Connolly is a hot new floral designer in London, part of an influential generation of floral decorators who believe in arranging flowers in a natural, straightforward way. His work has been featured in *Vogue*, *Country Living*, and *Harpers Queen*.
