LOVE THIS BOOK!By STBI am not naturally "crafty" but since I am a huge fan of Tarina Tarantino, I had to buy it. I was really impressed with how clearly the book outlines the steps for each project in an easy to follow way and has the most stunning, bright and colorful pictures to go along with it. Most of all the book really inspires one to become more creative with their accessories! I have just finished my second project and can't wait for more! I have already bought a few and plan on giving them as gifts throughout the year...
