I have the first edition and so I knew as soon as #2 was announced that I was buying it. Then when I heard there was also going to be a dark version IT WAS ON. the dark against the colors are amazing!!! And as always Sarah has delivered a quality product for an amazing price. There are a lot of imitators out there but do not be fooled. This is the original sweary coloring book so support her and be amazed! 0 of 0 people found the following review helpful.
