### **Sarah Gunn, Julie Starr : The Tunic Bible: One Pattern, Interchangeable Pieces, Ready-to-Wear Results!**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Tunic Bible: One Pattern, Interchangeable Pieces, Ready-to-Wear Results!:

92 of 96 people found the following review helpful. Error in this pattern By Ricky Shirlene There is a problem with this pattern. On the bodice front, no cut line exists for the v-neck. I can make my own cut using the placket facing piece, however this needs to be corrected on the pattern. I am making the muslin now and will follow up with comments once

I make progress.41 of 43 people found the following review helpful. Not For Beginners - Instructions are not very clear.By Tolly20003I don't know where to start with this book. I got the digital version of it. Here is my review.1. Not for beginners so if you're just learning to sew. This is not for you.2. Not enough photos to show the step by step result of how to make each design.3. Most of the photos were finished tunic photos.I wish they took more time in explaining better and adding photos on how the collars / sleeves designs were made.A video would have also worked perfect.I was very disappointed.50 of 54 people found the following review helpful. A must-have book for home sewing librariesBy Southern TransplantI love tunics but I'd been on the fence about buying this book because there are already so many tunic sewing patterns available. Then I followed the authors' blog tour where over a dozen different women made the same pattern and that convinced me I needed to buy this book. It finally arrived and I haven't made anything yet but the number of styles shown is amazing and the photos are beautiful. Plus I love that the pattern is included and everything isn't superimposed on top of each other so it's easy to trace. Can't wait to start sewing tunics.

It's the only tunic pattern you'll ever need! A graded bodice pattern with alternate neck plackets, collars, and sleeves provides many unique, ready-to-wear fashions. From everyday casual to preppy chic, boho, or glamorous, you'll find the look that's right for you. Well respected in the sewing industry for their pattern reviews and online garment challenges, Sarah Gunn and Julie Starr make the tunic accessible and exciting for those with basic sewing skills and beyond. Full size tear-out pattern included. Sizes XS-XXL (Bust measurement 33" - 47.5").

My beautiful and talented friends Sarah Gunn and Julie Starr are celebrating the launch of their long-awaited book, *The Tunic Bible*. I'm keen to share the scoop on great inspiration and their book is one you must have in your stitching library! For daily inspiration follow their elegant journey at [thetunicbible.com](http://thetunicbible.com). (Amy Butler; Amy Butler Design, creative artist and designer 1/20/2017)I was SO excited to receive my copy of this book. Long awaited and it lived up to expectation. I have long been a total fan of Sarah's website and blog: Goodbye Valentino which focuses on garments Sarah makes. Not only is the photography in this book very good, the information about how to alter the pattern and make all the various options shown in the book is also very good. There are 3 main components to the book: Part 1 is Elements of the Tunic (the various parts of the tunic to consider and choice of style) ; Part 2 is Putting it all together (prep, supplies needed, making the muslin, general assembly of the garment, etc) and Part 3 offers a whole bunch of great sewing tutorials on various aspects of sewing the tunic variations : eg plackets collars; Sleeves and cuffs; Other Techniques. All very valuable and helpful information. This book is pretty new - only been out a few months I think. I can't wait to finish the radical de-cluttering I am doing at home and at the office to get my teeth stuck into some sewing again. Guess what will be top of my list? .....you guessed: my very own variation of one of these tunics made with the pattern included with the book. (JanomeLife; 1/2017)About the Author Sarah Gunn is a member of the Mood Fabrics Sewing Network and a popular fashion sewing blogger. She is recognized for hosting an annual Ready-to-Wear fast and inspires thousands of women to sew rather than buy clothes. She lives in Spartanburg, SC. [goodbyevalentino.com](http://goodbyevalentino.com) Julie Starr is a popular contributor to the 300,000+ global member website Sewing Pattern , where her work has won five consecutive annual awards based on member votes. She also participates in the Goodbye Valentino Ready-To-Wear fast. She resides near Charleston, SC.
