**Cindi LeRoy : The Twisted Garden (The Twisted Series) (Volume 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Twisted Garden (The Twisted Series) (Volume 1):

0 of 0 people found the following review helpful. Poor qualityBy Linda MichaelisVery poor quality. Pictures were almost impossible to see. I would not recommend this book. I was very disappointed. Sorry0 of 0 people found the following review helpful. Good ideas. Like the final product pictures. Should inspire people. But I thought it was too expensive for such a few pages.By Arlene L. AndersonGood ideas. Like the final product pictures. Should inspire people. But I thought too expensive for such a few pages.0 of 0 people found the following review helpful. gardening restoration done greatBy Debbie DelvauxI so enjoyed the idea of getting a chance to using the older antiques that I have in my house that are unsalvageable and I cannot get the proper items needed to repair them, so then having this book on hand gave a way to recycle my older items to reuse and then to make them into show pieces again as they ounce were along time ago.I would like to see what I can do in the future with any more items that I have in my home and then my be I can also sell a few items to make some money to buy more items in the future with to again sell. I have some old jewelry and some old yarn that I want to do some things with and yet I cannot seem to think of a thing

to do with them.thanks for the help in the garden and I will do more in the future with the book.

What in the world is this book about? The Twisted Garden: How To Make Everything (But) Plus the Kitchen Sink, shows the reader with easy step by step instructions how to repurpose old fashioned household items so that they can be used for garden or yard art. By using these repurposed treasures found while cleaning out the basement or attic, the reader can keep cherished memories alive. There are nine projects to make for your yard or garden along with a nostalgic story. This book will inspire you to create ways to add a whimsical nostalgic feel to your yard or garden. The reader will have fun watching as the garden or yard takes on a unique personality of its own. So pull up a chair and lets chew the fat!
