Great book to Own!!By southpawsmeI have found that in the beginning, there is an Introduction and very detailed "Getting Started" section that is very worthwhile. I have marked the trouble-shooting pages for quick reference. Than,the author has provides a decent explanation for how to go about creating the soap projects listed in the book. In addition, the illustrations are very helpful. Also, there is a nice variety of soap-making projects. I had found this book orginately in the library knew I wanted to purchase it. Have fun!!!!0 of 0 people found the following review helpful. Soap making bookBy phcI purchased this book as an addition to my information on learning soap making.It gives some interesting ideas about different types of soap molds and interesting ways to make clear soap.We will be using several of the ideas we got from this book and hope to make

many homemade gifts this Christmas.

Pamper yourself your friends with luxurious soaps that artfully blend shape, colour, fragrance and textures. And, all these soaps can be made with ordinary kitchen supplies and ready to use in an hour! * Explains and illustrates step-by-step all the basics: - Basic supplies - Microwave ovens - Tools - Materials - Moulds - - Rubbing alcohol - Colour additives - Herbs, spices botanicals - - Adding moisturising elements - Exfoliating elements - Adding fragrance - - Melt pour basic techniques - Gift packaging - Troubleshooting - * 20 terrific 'melt and pour' projects, include: - Gift from the Sea soap - Wedgwood Cameo soap - Jewelled raindrops - - Butter and Honey loaf soap - Green Tea infused soap - Gardener's soap - - Citrus loofah - Lemongrass soap - Earth, Fire, Air Water soaps - * Illustrated step-by-step with over 100 colour photographs. * The Weekend Crafter series allows you to tackle a new craft in a weekend, with projects completed on a short time scale.
