Only problem the pages are double sided so you can only use crayons and colored pencils. No gel pens or marker because of bleed through. Otherwise I would have given this book 5 stars. This book is strictly zombies with no background. So you can get create with drawing your own background.0 of 0 people found the following review helpful. it was ok i loved the pictures that i colored i just didnt like ...By Jasmineit was ok i loved the pictures that i colored i just didnt like the fact that it was on the same side it should have been on its own side0 of 0 people found the following review helpful. Super fun zombies to colorBy beckySuper fun zombies to color, the artwork is great... and there are some really funny ones as well...I can't wait to start coloring!

120 PAGES!!!! Holy Cow!!!! Double the Zombies! Wish you did this one or that one differently? Now there are two of each! Let your friend or partner color one and you do the other. Compare ideas. Enjoy most unusual gift ideas of the year. NOW in single page format. No more bleed thru!
