What beautiful work!By arthriticmamal have loved Libby Lehman for quite some time and have always found her to be inspirational, even now, when she is recovering from an aneurysm. Though these quilts look very difficult, the book is wonderful for me, so that I can, if I ever feel I could do the same kind of thing, use the book for inspiration. Libby's quilts have always been amazing to look at, and these are no different.0 of 0 people found the following review helpful.
