7 of 7 people found the following review helpful. Yes You CanBy VibrarianThis was the perfect gift to give to my grand daughter who has just begun sewing. It gives those needed basic tips for sewing in a very clear way. Pictures worth a thousand words! I spent many years sewing for my family and would have loved this book to help me out of tricky corners.6 of 6 people found the following review helpful. Teach grand daughter to sew.By Dale BrewerI know how to sew, but wanted basic info so that I could teach my grand daughter how to sew. This is perfect book for us to use. It arrived promptly and in great condition. We love it.6 of 6 people found the following review helpful. Just Right For a BeginnerBy Marilyn KrauskopfI chose this book because I am a beginner at sewing clothes. The book was informative and thorough without being overwhelming. I felt it was well-written with an inviting style. The projects

presented are attractive and doable. The glossary is helpful, and the list of resources very useful. I enjoyed reading it straight through the first time, and I've since returned to it often to review a point or consider a project to try.

Hands down, the best introduction to sewing! If you are a new crafter or aspiring sewer, it's just as easy to learn the basics of sewing the right way, right away and avoid problems from the get-go.
