Elizabeth Moad : Thrilling Quilling: The Ultimate Quillers Sourcebook before purchasing it in order to gage whether or not it would be worth my time, and all praised Thrilling Quilling: The Ultimate Quillers Sourcebook:

1 of 1 people found the following review helpful. "The ultimate quiller's resource book" is misleading. The book ...By Laurie Doucette" "The ultimate quiller's resource book" is misleading. The book is primarily a collection of themed motifs with basic quilling techniques. It is well done enough, but not "ultimate" in my view. 0 of 0 people found the following review helpful. Five Stars By Crafter2fun ideas 2 of 2 people found the following review helpful. Comprehensive book with easy to follow directions By PSusan I enjoy crafting especially paper crafts. I have even bought the supplies and try my hands at quilling. The articles and directions left much to be desire. So I am thrilled to read Thrilling Quilling by Elizabeth Moad. It starts with the very basic and process to challenging projects for the crafter. I appreciated that it covers supplies that I had not been aware of using, several that are around the house. Along

with this is how to preserve the project that have been painstakingly made. Most of all, it has clear easy to follow directions with step by step illustrations. Thrilling Quilling has so many ideas for paper crafts and card making that there should be something for anyone who is interested in this craft. Around 120 pages, it is the best most comprehensive book I have seen on the subject of quilling. Now I believe even I can do it and do it well!The publisher through Net Galley provided a copy.

"This book is an excellent sourcebook for quilling and I recommend anyone interested in paper craft to own this book." Doodles in the Margin ReviewsAdd pizzazz to picture frames, notebooks, vases, boxes, bags, or any everyday item that could use a decorative touch. The centuries-old craft of quilling involves rolling, shaping, and gluing strips of paper into ornamental designs. It's easy to learn, and this guide is bursting with simple, step-by-step instructions and colorful illustrations that will get you started and send you on your way with a wealth of new possibilities.From quick and easy individual motifs to larger, more elaborate combinations, here are more than 100 designs with countless applications. Quilling requires very little equipment and few materials just an inexpensive investment in a manual quilling tool, glue, and paper. With a little practice, you'll master the techniques of coiling, pinching, fringing, weaving, and husking. Then you'll be able to add a personal touch to cards, gifts, and other items. In addition, the book features galleries of imaginative ideas that will provide further inspiration and encourage you to develop new ideas and creative approaches.
