If you're a beginner at the wheel and want to learn more and fast, just get this! 36 of 36 people found the following review helpful. My Favorite of All Pottery Books By B. Springer This is the best book that I have bought since I began working in clay. The step-by-step

photos and the accompanying instructions are clear and helpful. I have made several of the projects following the techniques in the book and they have all turned out well. I would highly recommend this book for beginners as well as intermediate potters. You will use this book often as you perfect the different forms. I hope the author does another with additional projects. 0 of 0 people found the following review helpful. Loved it By Jerri L Jones This was a gift for a friend who was learning pottery. She loved the book and the pictures were worthy of the coffee table.
