**Kim Hargreaves : Thrown Together** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thrown Together:

0 of 0 people found the following review helpful. Four StarsBy CustomerTypical Kim with beautiful patterns3 of 8 people found the following review helpful. Partial review, because I haven't knit any items from this yetBy Sophy0075The criteria for evaluating a knitting pattern book are:1) The patterns therein are of items that one would want to and would enjoy wearing2) The patterns are clearly and correctly written.I purchased this book because I want to knit the seed stitch equestrian-style cardigan/jacket "Beatrix." This pattern is very highly rated on Ravelry, the knitters' website. Knitters who made this pattern thought it well-written; the jacket certainly is attractive. It is a classic style that will last the vagaries of fashion. Because I have not yet knit this pattern, however, I cannot honestly rate this book on Criterion #2.I purchased this item through from one of its sellers - the "Knit" yarn shop in Charleston, SC. If you are in Charleston, and you like /want to learn how to knit, stop in. The owners are very friendly and helpful and the store is well-stocked.

Designs and patterns for knitting. A collection of eclectic styles and the essentials to create the individual designs. Also, a guide to assist with techniques and finishing touches.
