And our cats LOVE their new hats !! Latte is ecstatic to be a hat model ! There's a variety of hats to create and all are easily made by a 13yo with cardstock, scissors and a hot glue gun(*saving cats from being run by the government; the hats block their signal;))2 of 2 people found the following review helpful. Awesome paper hats, for cats! I guess you could use them on a baby too.By GreenCSLove Adam Ellis's comic and his tiny hats on cats. I bought this as a birthday present for myself and it definitely delivered! Some of the instructions are a bit vague but if you make the hat more than once you can generally get it correct. I am terrible at crafty things and was able to figure it out. Check out an example in the link below![...]3 of 3 people found the following review helpful. Fun and funnyBy A. S. HaganOur 10-yr-old, who is OBSESSED with cats, has already crafted two of these hats The book is fun as a coffee table pee-your-pants sort of read, but also plain adorable.

A fun and creative book for cat lovers, crafters, and pop-culture devotees alike. Following the success of recent bestsellers like Grumpy Cat and How to Tell if Your Cat is Plotting to Kill You, TINY HATS ON CATS combines adorable photos of cats with author Adam Ellis's hilarious anecdotes, but also has a fun DIY element: Readers will learn how to craft colorful and creative feline headgear from the book's step-by-step instructions. With a portable trim size and a beautifully designed interior, TINY HATS ON CATS is the perfect gift for every animal lover or for any reader who wants their cat to feel just a little more fancy.
