By Nevada DebI absolutely LOVE this book! I've always enjoyed napkin folding, and it's a treat when I visit a hotel that takes time to fold a simple point on their toilet paper rolls. When I saw this book, I was blown away by the gorgeous designs. Even better, they are not difficult to master! I started with the most difficult design, and found the step-by-step pictures so easy to follow. I'm already hoping for a second volume. This book is so much fun. I've been leaving toilegami in restrooms all over now-- restaurants, rest stops on the freeway, theatre bathrooms, friends homes. What a treat this is!

By JbellI like to do origami, but I am new at it. I thought it would be fun to learn to do toilet paper origami since using the restroom is an everyday, normal thing for everyone. I thought "how fun would it be to make something cute out of the toilet paper, so the next person to use the bathroom would have a nice little surprise". So I bought this book to learn, and every page has a nice design from roses, flowers, animals, etc. There are detailed step by step instructions with precise pictures for each origami shape. Even my husband enjoyed this book, and practices the folds. It is delightful. I would reccmend this book, to anyone and everyone.
