From National Geographic,2011 : Tornado! The Story Behind These Twisting, Turning, Spinning, and Spiraling Storms by Fradin, Judy, Fradin, Dennis [National Geographic Children's Books,2011] (Hardcover) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tornado! The Story Behind These Twisting, Turning, Spinning, and Spiraling Storms by Fradin, Judy, Fradin, Dennis [National Geographic Children's Books,2011] (Hardcover):

0 of 0 people found the following review helpful. Kid FavBy WilliamOne of my kids favorites. Excellent pics with all Nat Geo books.5 of 5 people found the following review helpful. Nice photo book but not what we were looking forBy Ms.BaneI bought this book for my son who wrote his own book about tornado facts for school (3rd grade). The book has a lot of photo's, some facts and stories about tornadoes. I probably would have picked another book for our purpose after getting the book but not the books fault or author. This book is what the title says. If you are looking to read about tornado stories and see photo's you will enjoy this book.0 of 0 people found the following review helpful. Five StarsBy M. KimPerfect for my tornado obsessed four year old.

Tornado! The Story Behind These Twisting, Turning, Spinning, and Spiraling Storms by Fradin, Judy, Fradin, Dennis.
