From sterling (march 1, 2004) : Totally Cool Soapmaking for Kids Hardcover March 1, 2004 before purchasing it in order to gage whether or not it would be worth my time, and all praised Totally Cool Soapmaking for Kids Hardcover March 1, 2004:

These terrific projects can be melted in a microwave, poured into molds, and prepared -- all in one day. From scented, fantastically shaped bars to bath salts and body powders, soaps are as fun to create as they are to use.
