James Lukin : Toys and Toymaking - Being Instructions for the Home Construction of Simple Wooden Toys, and of Others that are Moved or Driven by Weights, Clockwork, Steam, Electricity, Etc

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Toys and Toymaking - Being Instructions for the Home Construction of Simple Wooden Toys, and of Others that are Moved or Driven by Weights, Clockwork, Steam, Electricity, Etc:

This vintage book is a complete and novice-friendly guide to creating your own puppets, puppet theatre, and other related equipment. With simple diagrams and clear instructions, this volume is ideal for the novice puppeteer, and would make for a fantastic addition to collections of allied literature. Contents include: A New Beginning, Lighting, A Home-Made Fairyland, The Little People, On Marionettes, Personalities, The Shadow Show, The School Stage, Music for Marionettes, Noises and Effects, Dioramas and Transparencies, and Finale. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, high-quality edition complete with a specially commissioned new introduction on puppets and marionettes.
