A "Must Read" Roller Pigeon Book !By stephen craig aristeiOne of the few detailed books ever written about the raising and training of the Birmingham Roller Pigeon. This book needs to be in the personal library of every experienced and novice roller pigeon breeder.2 of 2 people found the following review helpful. Full of hard to find info on Roller pigeons.By Traveler1226I enjoyed it. Had a lot of history but much more on raising and training young birds.It got a little deep for me on the genetics. But was very informative on breeding.
