I love Middle Eastern designs and knew I had to purchase this book of wrapping paper, that makes you never want to use it for it intended purpose. There are many great designs and vivid colors that will make any gift look more luxurious even if it is a pair of socks. For my sisters bridal shower I had two boxes to wrap, I decided to mix the patterns and it looked really interesting. I will be buying more creative paper designs from the all over the world from this company.0 of 0 people found the following review helpful. Beautiful designsBy Celtic GirlThese sets of wrapping paper are really beautiful. I have been using

them to make paper beads, but I imagine they could be used in many different ways--even as wrapping paper! 0 of 0 people found the following review helpful. Five StarsBy cade62Wonderful paper! The printing is clear and the colors rich. Nice quality and price!

From the Inside FlapPEPIN gift and creative paper books all contain 4 pages of introduction and 12 large sheets of very high-quality wrapping paper. They can easily be removed from the books by tearing them along a perforated line. The sheets are folded to fit into the book; when removed and opened they measure 50 cm x 70 cm (19 inch x 27 inch; a standard size for gift wrapping papers). Depending on the theme, we have selected a suitable light-weight paper quality. For example, papers with designs in gold, silver or bronze are printed on silky art paper on which the inks show to their best advantage. Designs with an antique or hand-made feel are printed on high-quality creamy offset paper. PEPIN papers make your gift package look very special. In addition, our papers are suitable for all sorts of craft projects. Each volume contains 12 different papers of exceptional designs, in this case 12 masterpieces of Turkish surface design executed in gold, turquoise blue, salmon pink and other beautiful colours.
