The problem is it says Knitting in the title and no where is crochet mentioned yet 7 of the projects are crocheted. Just be aware of this.2 of 2 people found the following review helpful. Pretty book....but am disappointed in errorsBy Shopper girlIts a very pretty book, but I am having issues with a boot cuff pattern in it, you cast on 55 sts, and are to do 2x2 ribbing? doesn't end up even at end of round. Then it shows on row 9 after the ribbing you will increase 6 stitches, and have 50 stitches afterword...maybe its "my" math. Then I think maybe there is errata available on the computer...no. So I decide on customer service, find the spot ...cannot get ahold of customer service.I think I will look at the pictures, and look in my other books. The pattern is for 17/18/19 Boot Toppers shown in book. Landlust Red Cuffs. Maybe someone else had better luck, but I am an experienced knitter and do not get this pattern.
