Best book on ribbon embellishments I have seen!!By buttonskayI am an avid fabric embellisher...including crazy quilt squares, and all types of embroidery. I have several nice books on ribbon embroidery, but none come close to this one as far as quick little embellishments that are suitable for many different projects! My only complaint is I wish I had heard about this book sooner!! It has lots of cute lil whimsical embellishments, too...0 of 0 people found the following review helpful. Wonderful.
