Heinzelmann - GermanyI love any kind of handycraft, cross stitching very much, and I have many books on counted cross stitch. Those by Gerda Bengtsson are wonderful. This book -paperback- "U.S. State Flowers" is not available in Germany. So I was happy to come across it. It offers a rich choice of embroidery designs, all the State Flowers, simple, but to the point effective and easy to follow. Therefore it is a perfect addition to my books.4 of 4 people found the following review helpful. Excellent!By Martina SchroersI love the design from Gerda Bengtsson and the trim of this book is very well. The delivery its very good, shipping as soon as possible. Excuse my bad english.2 of 2 people found the following review helpful. So pretty!!By Jane in MilwaukeeI join in the praise of my compatriot reviewers: Gerda Bengtsson rocks as far as needlework is concerned. I, too, have several of her books and enjoy almost all of them. These designs make for a lovely bookmark or use all of them to make a large sampler or Anne cloth quilt. The possibilities are endless. The graphs are clear, well-marked and the colors are spot on. Good stuff.

Full-color examples of the worked designs and suggestions for finished projects accompany complete directions for creating state blossoms in counted cross-stitch embroidery. (book description provided courtesy of Marketplace seller
