Duy Nguyen : Uber Origami: Every Origami Project Ever! before purchasing it in order to gauge whether or not it would be worth my time, and all praised Uber Origami: Every Origami Project Ever!:

0 of 0 people found the following review helpful. Five Stars By Susan K Suazo Endless fun
0 of 0 people found the following review helpful. Not for beginners. I really could not figure out ... By Customer Not for beginners. I really could not figure out the base folds and could not find any videos online to make sense of them.
2 of 3 people found the following review helpful. We love it! By Alexa I run an after school program (ages k-3) and the kids recently discovered Origami when I showed them how to make a simple cup. I ordered some origami paper and another book with "easy" origami. Well, 500 pieces of paper and 5 days later... the kids were not challenged anymore and crying for more paper and more origami patterns! I ordered this book thinking "this might be a bit hard for them" but they are loving it! There are over 100 projects in this book, and the older children are helping the younger children. Our rooms are full of cranes, fish, lanterns, etc etc etc. The children love it, and as an educator it is a fabulous tool for hand-eye coordination, fine motor skills and social skills! This book is great, clear instructions and great illustrations. A+

This is the top, the cream of the crop, the ultimate origami collection against which all others will be judged! With

over 125 projects from animals to cars, dinosaurs to Elvis if it can be folded, better Origami has it. Gathered from the most popular books by the ingenious origami expert Duy Nguyen, this array of projects will astound any fan of paper art. Some even use junk mail or dollar bills! And everything is arranged by category so it's easy to find just what you're looking for, from the most traditional folds to funky new designs. Sections include: Easy Does It (for beginners) - Animals, Myths Monsters - Man Machine - Irregular Origami - Holiday Origami
