About the Author Kim Guzman is an award-winning teacher and crochet pattern designer. She writes a variety of patterns including garments, home decor, accessories and gift items. Kim has authored 12 books, most of them in her favorite form of crochet--Tunisian crochet. Tunisian crochet offers Kim more flexibility in her designing due to its unique look, which can mimic knitting or weaving, depending on the stitches used while still maintaining crochet's ease. Being able to combine these looks together in one project brings all needlework together and makes Tunisian crochet a favorite among many. You may often hear that Tunisian crochet is the "step-child" of knitting and crochet. "Not so," says Kim, "it's more like the best of both worlds!"
